| <b>February 6, 2022 –11:45</b>                           |

## Background

On January 15, 2022, an Order of Council (OIC) was put in place to mandate vaccinations for commercial truck drivers crossing the border. As a result, commercial truck drivers around the country have organized and started protesting outside port of entries (POEs) by blocking roads and slowing traffic, along with a convoy of commercial vehicles headed towards Ottawa to protest outside Parliament.

### Bottom Line:

- Protest activity with potential impact to CBSA processing at Coutts, and (unconfirmed) Bluewater and Ambassador Bridge POEs.
- As of February 5, 2022, as of 1800 ET, CBSA processing continues at Coutts. Traffic is slowed but continues to access one lane north/south.
- Bluewater Bridge: A slow roll convoy is expected on February 6, 2022, with potential of a one hour highway blockade on Highway 402. Organizers state they will only block one lane of traffic.
- On February 5, 2022, Sault Ste. Marie POE reported one enhanced vigilance exam in which the Cdn citizen subject expressed extremist views as a follower of a QAnon influencer and ran the port upon referral to secondary.
- Media reports that Ottawa Police refer to the ongoing protest as an occupation. Demonstrators have organized a semi-permanent camp at a lot on Coventry Road, where donations of food and fuel are distributed to protesters.

## Intelligence and Enforcement

### Intelligence Landscape

**BLUF:** As of February 6, 2022 at 0830 ET, the overall threat to CBSA officers and infrastructure is low.

### ANALYSIS:

#### General Threats

- No change to posture.** According to the RCMP, no formal organized plot of violence has been identified. Factors such as the circulation of misinformation, exhaustion, substance abuse, altercations amongst protesters and with law enforcement and the influence of ideologically motivated actors or charismatic speakers may impact the temperature of the crowd. The potential for violence by a lone actor or fringe group cannot be discounted.

- Romana Didulo is now in Ottawa and was filmed burning a Canadian flag on Parliament Hill. Didulo is a QAnon online influencer with an estimated 73,000 followers in Canada and the US. Over the last 1.5 years Didulo has issued a series of anti-vaccination messages to her growing number of followers. Following her instructions some of her followers in both Canada and the US have been delivering fake “Cease and Desist” orders to government, law enforcement, health and education officials that they believe are involved in administering or enforcing COVID vaccinations or government mandated health restrictions. On November 10, 2021 an individual identified as **Personal Info.** hand delivered a fake “Cease and Desist” order to the BSOs working at the Carson POE in PAC region. “Cease and Desist” orders were also delivered in 2021 to the Carson, Cascade, Paterson, Waneta, Nelway, Rykerts, & Kingsgate POEs. Didulo refers to her armed followers as “Duck Hunters” and has previously urged her armed followers to kill individuals involved in administering the COVID vaccination program and also any individuals who enforce government mandated COVID restrictions or requirements for vaccination. **Please see POE encounter below in the POE Threats section regarding a self-identified Didulo supporter which occurred at the Sault Ste. Marie POE on Feb 5th, 2022.** CIG received reports that a member of the public who claimed to work for CBSA (unconfirmed) was at the Marriott/Hampton Inn near the old RCMP HQ and stated that she heard Queen Romana DIDULO/Queen of Canada was planning to bomb Parliament via the tunnel system. No other information was obtained as the complainant stated they had to go and drove off to possibly do security at the parking lot where the truckers have been staying all week next to the hotel. Vehicle plate was snow covered. CIG could not corroborate these claims at this time. RCMP INSET has been notified. CBSA NOR Intelligence continuing to monitor situation. **On 2022-02-05, according to a video posted by POI Romana DIDULO, the “Kingdom of Canada” has been placed under martial law. On 2022-02-05, PPS received a call from POI Romana DIDULO who indicated an interest to visit PH today (2022-02-06) around 1300.**
- There is currently no confirmed end time for the demonstrations in Ottawa. With Ottawa police expecting additional convoys this weekend, an increased police presence has been approved with RCMP sending more officers to support OPS. Local citizens are also continuing to react to the disruption caused by the protest, with an online petition and possible counter-protests planned. The mounting frustration on both sides may lead to violent confrontations, which may pose a threat to the CBSA NHQ building located four blocks south of the Parliament Hill.
- **There are an estimated 10,000 people in the downtown core, including 1,500-2,000 on Parliament Hill, and 1,000 on Wellington street and the surrounding area. Approximately 1,000 people are participating in counter demonstrations.**
- **Demonstrations also occurred at the Ottawa International Airport. Airport Authority confirmed they were aware of demonstrators on the ramp on the departure level (3rd floor). CBSA was not advised of any implications. No operational impact.**
- RCMP reporting states: Canada-wide solidarity actions have occurred simultaneously with the demonstration in Ottawa and more are being planned for this coming weekend, some of which may affect Canada-US border operations (currently there are no reported operational impacts from the POEs). As the situation in Ottawa is receiving widespread coverage, actions in Ottawa may continue to influence impromptu events in other Canadian provinces.
- PAC Hwy Slow Roll currently 24 going/ 57 interested, still planning on splintering from main convoy that’s rolling to Vancouver and claim that protesters from main convoy may circle back to it after going to CTV, but have also stated if they don’t have enough numbers they will just join the main convoy to Vancouver instead. So far the convoy is proceeding towards Vancouver but the convoy is very long and still on highway one.
- **Personal Info.** Event in BC provided a Facebook Live Update at 6:00 pm yesterday. Appears to have shifted away from organizing his own Lower Mainland event (or is staying very tight lipped about it if he is). Instead is promoting the “Bearhug” event at Victoria parliament a.k.a. “a mirror event to Ottawa” and has stated there are several groups heading to the Island but if unable to get on a ferry or “if needed somewhere else” will divert.
- Osoyoos Convoy updated time/routing shows they may arrive as early as 2:15pm. A private telegram channel for this event has 30 members.

## **POE Threats**

[APG]

- An ongoing analysis of SRT reporting, OSINT, **s.37** indicates that there are no credible threats currently identified for any POE.
- Information from the RCMP, the media and social media indicate that the protesters at Coutts discussed moving to Edmonton, perhaps influenced by a number of United Conservative Party MLAs who expressed their support for lifting COVID restrictions. Currently the protesters at Coutts have not left the area and are continuing their protests at Coutts and Milk River approximately 20 kilometres north of Coutts. Media reports indicate that the protesters have brought in supplies to continue the protests at the current locations.
- Slow roll convoy taking place in Windsor near the Ambassador Bridge beginning at approximately 1115 hours, with 65-80 cars and pickup trucks looping past the POE. As of 1140 hours, the slow roll convoy in Windsor is growing with approximately 100+ cars / pickup trucks involved. Windsor Police has posted a tweet about heavy traffic on Huron Church Road (the approach to Ambassador Bridge). 1 pick-up truck is blocking the south bound lane of Huron Church road, but currently there are no cars/trucks blocking the North lane of Huron Church at College Ave. Uncorroborated reporting indicates that the protesters may attempt a complete blockage of the bridge. No impact to operations noted at this time. **It appears as if the protest has ended. No convoy/protest observed in the previous hour (1900 EST). This event is closed.**
- **No update.** SOR has received credible information **s.37** that a convoy / slow roll is planned in the area of the Blue Water Bridge in Sarnia on Sunday, February 6, 2022, with potential of a blockade using farm tractors. There is significant potential that traffic coming into Canada will be impacted. Reporting indicates that the Slow Roll convoy on February 6th has the potential of a one hour highway blockade on Highway 402, with organizers stating they will only block one lane of traffic. SOR IOED has received uncorroborated information from reliable source that protestors are en-route to Sarnia Blue Water Bridge. The group anticipate a complete shut down of the bridge (Highway 402 towards Sarnia). Currently there is no reported impact to operations.
- **No update.** Slow roll convoy took place in Niagara Falls near the Rainbow Bridge at approximately 0945 hours with 50-60 cars and pickup trucks looping past the POE a few times. Niagara Regional Police Service was monitoring the event; no impact to operations.
- **Information from Sault Ste. Marie: At approximately 16:45 EST traveller **Person**, **Person** arrived at the POE. **Person** admitted to not using the ArriveCan app pre-arrival and claimed she was not vaccinated during the primary interview. **Person** expressed support for Romana Didulo stating "Queen Ramona has lifted all the mandates. The Trudeau Government has fallen and the Alliance is in charge. Queen Ramona has told us to report anyone who enforcing these mandates." When requested to park in the POE secondary Ferolie refused to comply and drove off at speed. CBSA Intel, Investigations after hours were contacted as well as local SSM Police and Local O.P.P. As of 19:45 EST subject has not been returned. This is the first reported POE encounter with an individual expressing support for QAnon based extremist beliefs. Didulo has previously urged her supporters to conduct acts of violence against government officials enforcing COVID related mandates.**
- **Protesters from the Creston, BC and Cranbrook, BC areas met to peacefully protest federal COVID-19 mandates about 100 metres north of the Port of Kingsgate. An estimated 40-50 vehicles arrived to join this protest. Protest organizers agreed not to block traffic and keep the protest peaceful. No operational impact and no impact to Northbound or Southbound traffic was reported as of 1630 EST. Protest is expected to last for several hours.**
- **Freedom Rally Convoy that started in Vernon, BC approximately 175km north of Osoyoos, BC has arrived at the POE (approx. 1749 EST). Vehicles and protestors are parking along the highway approximately 200 meters north of the Port. Over 1,500 vehicles participated in the convoy. Protestors remained on site for approximately 2 hours (1930 EST). Protest was peaceful. A dump truck was placed across the highway to delay traffic. Once the protestors talked to the northbound and southbound traffic, they moved the dump truck and allowed traffic to proceed. Protestors are now leaving, this event is considered closed.**
- **At approximately 1435 PST (GMT-8) BSOs arrived at the Blackball Ferry to process the Coho for 1530 PST (GMT-8) ferry arrival. Traffic was slow to enter facility but vehicles were moving on the road to drive past the legislature (100-200 meters away) in support of the Freedom Convoy 2022. Many cars and semi's present, but no one specifically blocking the entrance to Canada from the ferry. No media observed at the time. Ferry traffic arrived at 1530 (light) with 15 cars and 5 foot passengers. Marine traffic was monitored and there were no AIS to suggest that there will be any marine blockage. Arrival was cleared by 1606 with**

no incident. The convoy traffic thinned out towards the end of processing and did not cause any delays. No operational impact. This event is considered complete.

- Preliminary unconfirmed reports indicate a potential blockade at Fort Erie and Montreal starting on Sunday, 2022-02-06. The blockage plan is a co-ordinated effort by commercial trucks to block incoming laneways to CBSA and US CBP lanes at the POEs.
- **No update.** A Toronto group aligning itself with Freedom Convoy 2022 protesters in Ottawa is circulating flyers on social media calling for a protest against COVID-19 restrictions and mandates at Toronto's Queen Park on Saturday, Feb. 5. There is no indication, at this time, that this planned protest will be directed to either of Toronto's major airports.
- **No update.** In addition to the event in Ottawa, a Mariners for Freedom vessel parade is being planned across Canada, reportedly aiming to "protest in ports and all over Canadian shipping lanes." The movement's Facebook page had gained over 7,000 members by 01 Feb, and an additional 5,000 members over the next few days. The event was planned for 04 Feb at participant ports, but currently there is no reporting to indicate that any marine protests took place. While disruptive activity was not considered for 04 Feb, consideration is being given to disrupting commercial marine transportation in future events should demands not be met.
- **No update.** NOR Officer encountered a traveler who identified that they are entering Canada to join the demonstration in Ottawa. Client is a Canadian citizen, US PR and known to officers at this CBSA office. Client lives in the United states but has been in Canada for a month (to attend to her fathers estate) and has been downtown Ottawa daily for the week long demonstration. She had returned to the USA briefly.

#### ***Ideologically Motivated Violent Extremism (IMVE)***

- **No change to posture.** According to the RCMP, while chatter encouraging peaceful and lawful protest continues to circulate, concerns exist that protest events associated with the convoy could be exploited by individuals who engage in or promote actions that pose a risk to public and officer safety. **Please see POE encounter with a supporter of Romana Didulo at the Sault Ste. Marie POE on Feb 5<sup>th</sup>. This is the first reported POE encounter with an individual expressing support for extremist beliefs (QAnon).** IMVE persons of interest and indicators have been observed in Ottawa.

#### ***Other Threats***

- **No update.** According to social media, the Ottawa Police Chief says that there is funding from the US as well as Canada fueling the protests. He is quoting national security sources who raise concerns about foreign funding as well. OSINT has multiple news articles stating that the Go Fund Me account has now been cancelled. All donors may submit a request for a full refund until February 19<sup>th</sup>, 2022. OSINT identified givesendgo.com/FreedomConvoy2022 as an alternative platform for donations. As of 2040hrs Feb 04 \$100k has been raised. The CBSA has not yet seen any indication of foreign funding or HASA activity connected to this fund raising, but given the large amount of anonymous donors it cannot be disregarded.
- **Ongoing threat.** The size, unorganized potential and general distraction of some these POE protests continue to create conditions where both criminal actors and migrants may use the events to illegally cross the border into Canada. This may also include protesters who wish to join events on the Canadian side of the border, but do not want to report to Border Service Officers.
- **No update.** US news sites are reporting that Facebook has removed the Facebook pages associated to "Convoy to D.C. 2022" being used to organize truckers to drive from California to Washington D.C. Media reporting states that Facebook has also removed the pages for the other planned US-based protest convoys originating in Texas and Florida. Social media and news websites in the US indicated that there is an online movement, which was focused on Facebook pages entitled "Freedom Convoy 2022", to organize protest convoys of US truckers from Texas and Florida which would converge on Washington D.C. with tentative planned arrival time in D.C. of February 8<sup>th</sup>. The organizers of Freedom Convoy 2022 reportedly moved their online operations to Telegram, with at least 28,000 individuals joining that Telegram page. There is no reporting at this time to indicate that the proposed US convoys plan to enter Canada.
